Actions to Stop Doing:
We should stop rescheduling meetings. It makes things hectic.

Actions to Start Doing:
The team should ask each other for help when a member is stuck to avoid major roadblocks on one peice of the software.

Actions to Keep Doing:
The team should keep meeting to work in person in addition to scrum meetings so that we can connect all components.
The team should continue to keep in touch via group chat so everyone is on the same page.

Work Completed:
User Story 2: As a user, I want to see a graph so that I can track my progress and the progress of my organization as a whole.

Work Not Completed:
User Story 1: As a user, I want the data from my transcript to be parsed so that I can graph results.
